Revalidate

Notes and Potential Issues

The following notes and warnings highlight missing or conflicting information which caused the validator to perform some guesswork prior to validation, or other things affecting the output below. If the guess or fallback is incorrect, it could make validation results entirely incoherent. It is *highly recommended* to check these potential issues, and, if necessary, fix them and re-validate the document.

1.  **Using experimental feature: *HTML5 Conformance Checker*.**

The validator checked your document with an experimental feature: *HTML5 Conformance Checker*. This feature has been made available for your convenience, but be aware that it may be unreliable, or not perfectly up to date with the latest development of some cutting-edge technologies. If you find any issues with this feature, please [report them](#). Thank you.

Validation Output: 12 Errors

1.  **Line 43, Column 5: Element h8 not allowed as child of element span in this context. (Suppressing further errors from this subtree.)**

```
<h8><a href="store-locator.php" style="text-decoration: none;"><i class="icon-...
```

Content model for element [span](#):
[Phrasing content](#).

2.  **Line 123, Column 7: Element style not allowed as child of element div in this context. (Suppressing further errors from this subtree.)**

```
<style>
```

Contexts in which element [style](#) may be used:

If the [scoped](#) attribute is absent: where [metadata content](#) is expected.

If the [scoped](#) attribute is absent: in a [noscript](#) element that is a child of a [head](#) element.

If the [scoped](#) attribute is present: where [flow content](#) is expected, but before any other [flow content](#) other than [inter-element whitespace](#) and [style](#) elements, and not as the child of an element whose content model is [transparent](#).

Content model for element [div](#):

[Flow content](#).

3.  **Line 201, Column 49: An img element must have an alt attribute, except under certain conditions. For details, consult guidance on providing text alternatives for images.**

```

```

4.  **Line 207, Column 46: An img element must have an alt attribute, except under certain conditions. For details, consult guidance on providing text alternatives for images.**

```

```

5.  **Line 213, Column 51: An img element must have an alt attribute, except under certain conditions. For details, consult guidance on providing text alternatives for images.**

```

```

6.  **Line 219, Column 53: An img element must have an alt attribute, except under certain conditions. For details, consult guidance on providing text alternatives for images.**

```

```

7.  **Line 225, Column 60: An img element must have an alt attribute, except under certain conditions. For details, consult guidance on providing text alternatives for images.**

```

```

8.  **Line 231, Column 51: An img element must have an alt attribute, except under certain conditions. For details, consult guidance on providing text alternatives for images.**

```

```

9.  **Line 235, Column 5: Stray end tag ul.**

```
</ul>
```

10.  **Line 303, Column 101: The align attribute on the img element is obsolete. Use CSS instead.**

```
...ign="right" src="img/content/nutrition-5.png" alt="" style="margin-top:-70px;">
```

11.  **Line 449, Column 16: End tag for body seen, but there were unclosed elements.**

```
</script></body>
```

12.  **Line 37, Column 22: Unclosed element div.**

```
<div class="page-box">
```
